Kursbeginn | Kick-off **21.04.2026**

Anmeldebeginn | Registration **16.04.2026** ab | from **9:00 a.m.**

- ⇒ **Anmeldung** über | **Registration** via [CMLife](#) **Suchbegriff** in CMLife: **SE285** | **Enter SE285** in the search field in CMLife
- ⇒ **Teilnahmevoraussetzungen:** Englischkenntnisse auf Niveau B2 (ohne Einstufungstest) | Participation requirements: Level B2 English but you do **not** need to take a placement test!

This course aims to provide you with the skills necessary to understand, analyse and discuss in English various aspects of Nutrition and Food Science. We will start with biomedical and dietary basics, nutritional recommendations and protocols, and then move on to such areas as food technology, food law, food safety, food chemistry and, more generally, planetary health. Participants will be asked to select and present for class debate relevant articles from leading journals in the field. Special emphasis will be placed on expanding vocabulary and promoting greater confidence and fluency in spoken communication. We will also practise writing texts on consumption, nutrition, waste & dietary planetary health aimed, in particular, at Gen Z and other lay audiences.

The course will allow students who plan to spend a period of study at an English-speaking university or complete an internship abroad to systematically hone their language skills. Participants who achieve a grade of 2.0 or better in English for Nutrition and Food Science will be eligible to receive a (DAAD) [Language Certificate](#) language certificate at CEFR Level C1; participants who pass the course but score less than 2.0 will be eligible to receive a certificate at CEFR Level B2.
